DELUXE TOTE BOX CARRIERS

- **High-Density Storage:** Deluxe Tote Box Carriers maximize available floor space for the dedicated storage of small to medium sized supplies. Choose from single-, double-, or triple-bay units.
- **Three size/styles to choose from:**
 - Single Bay - Includes eight TB226W (6" [150mm] deep) tote boxes.
 - Double Bay - Includes ten TB226W (6" [150mm] deep) tote boxes and four TB229W (9" [225mm] deep) tote boxes.
 - Triple Bay - Includes six TB223W (3" [75 mm] deep), twelve TB226W (6" [150mm] deep) and six TB229W (9" [225mm] deep) tote boxes.
- **Organization/Identification:** Deluxe tote boxes are accessorized with dividers, to organize box contents, and card holders, to identify box contents.
- **Easy Access:** Tote boxes can be "pulled out" and cantilevered on adjustable slides for easy access from either side of cart.
- **Flexible Usage:** Deluxe tote box carriers provide organized, high-density storage in many functional areas, such as sterile processing, central supply, and exchange systems for storage of equipment and supplies.
- **Easy to Maneuver:** Four 5" (127 mm) polyurethane swivel casters, two with brake/lock.
- **Chrome-Plated Finish**
- **Tough Thermoplastic (ABS) Tote Boxes**
