METRO ESD CART COVERS

Metro's ESD Cart Covers provide an effective method of controlling electrostatic discharge while protecting cart contents from contamination and moisture.

Designed with a unique slip resistant texture, Metro's ESD Cart Covers leave no black carbon residue and clean easily with mild detergents and water. They are inherently flame retardant and resist the growth of bacteria, fungus, and mildew.

All ESD Covers include a flap on one side, brass zipper closures, and a clear paperwork pouch sized to accommodate 8½" x 11" documents.

ESD CART COVERS

SPECIFICATIONS

- Thickness: 14 mil
- Weight: 10 oz. / Sq. Yd.
- Surface Resistivity*:
 - 1 x 10³ - 10⁴ ohms / square (black outer surface)
 - 1 x 10¹⁰ ohms / square (green inner surface)
- Closures: Brass Zipper

* Per Test Method NFPA Standard 99 (PARA. 3-3.6.2.7, 3-3.6.3)
