Model WSA-WR

STERILE WRAP RACK

- **Solves Storage Problem:** Sterile wrap racks provide a safe, convenient place to hold wrap. Sizes up to 60" x 60" (1524 x 1524mm) can be displayed prominently so that they are easy to locate. One sheet, or several sheets, at a time can be removed quickly and neatly. The wire bottom shelf can be used to hold extra wrap, or less frequently used sizes.
- **Non-Slip Feature:** 24 rubber "O" rings, which fit over support bars, reduce slipping of wraps.
- **Easy Access:** Ergonomically designed rack positions wrap at waist height to eliminate "reaching".
- **Easily Maneuverable:** 5" (127mm) polymer swivel casters, two with brakes, provide easy mobility and positioning.

Job _____

STERILE WRAP RACK
