Revitalized.
Reinnovated.

NEW Super Erecta Pro™

Durable & Cleanable. The original - reinnovated.

- **Protective:** lift-off polymer shelf mats resist abrasion from rough stuff like polycarbonate containers, stainless pans and heavy boxes; shelf mats clean up easily by hand, in a utility sink or in a commercial washer.
- **Proficient:** 1" shelf adjustability maximizes space efficiency.
- **Proactive:** Microban® antimicrobial protection is built-in to polymer mats and epoxy coated shelf frames and posts.
- **Productive:** units are available in the wide variety of sizes professionals use most, and are interchangeable with existing Metro Super Erecta® shelf systems.
- **Proven:** robust construction is classic Super Erecta®; holds up to 800 lbs. per shelf - 2000 lbs. per stationary unit - That's a lot of stuff!

EMERSON. CONSIDER IT SOLVED.
